

PROFILE

Highly motivated individual, focused on exceeding expectations. I thrive on challenge and pressure. My point of expertise is problem solving, and learning new things. Comprehension is a strong point as well as communication.

I enjoy working with others to a common goal, and always working to streamline my process. Customer service comes second nature to me having been in hospitality for so long.

DUSTIN ERWIN

WEB DEVELOPER

PROJECTS

Couch Surf: <https://dustinerwin.github.io/CouchSurf/>

A collaboration project of a fully customizable dashboard app. I designed and engineered the Couch Surf: Pandemic game. I was also responsible for the GitHub interactions for the group helping the others to understand the protocol associated with it. (JS, HTML, CSS, AJAX)

Day Planner: <https://dustinerwin.github.io/Day-Scheduler/>

A simple application to save appointments locally and inform the user of the time slots passed or upcoming.

WORK EXPERIENCE
